Mail - Fwd: Reclamation Bond - Maggie Claims, 190061

E0190061
Task 11
6/24/15
cc: Mike

Sorry for any confusion, I had not had a chance to check the file before sending out the last email. No need to resubmit any forms.

I assumed the original request was for partial release. Since you requested full bond release in the original request, we can use it. Plus this email conversation will be put in the file and will also serve to confirm the request.

Thanks,

INcoming

Hello Mike,

I'm interested in finding out the possibility of a follow-up inspection of the Maggie Claims (190061) for potential release of the remaining funds in the reclamation bond. You inspected last Fall and found the revegetation had not taken hold. We reseeded in late Fall, and hopefully that combined with this year's moisture has had a positive result.

Thank you,

Cathy Bonde

Cathy,
I did try to get there last year, but it was at a time when the road up to the top was a wet mess and I had to abort the mission. It was the BLM that actually got to the site later and said it was not yet ready.
I will coordinate with the BLM to go back and take a look at it to see if it can be released. It will probably be in August or September. The moisture we had this spring should have helped things along.
Thanks,

Mike,

Thanks! And I appreciate you getting back to me so quickly.

Cathy

Cathy,
Dave Pals with the BLM just told me he was up there yesterday, and said it looked pretty good. I requested his
